

Team Handbook

2024 - 2025

All handbook rules apply to participation at the training facility and at all other venues. This includes competitions, clinics, camps and any other activity attended by the RBA athletes.

Our Program

Royalty Brand Athletics provides a safe and fun training environment for all competitive and noncompetitive athletes.

Our staff takes great pride in our ability to focus specific attention on each individual participant. RBA athletes are taught to excel in all areas of All-Star (competitive) cheer and tumbling.

We strongly believe that our success originates from the dedication and commitment of our parents and athletes. We promote social development, leadership, positive attitudes, self-esteem, healthy lifestyles, work ethic, discipline and perseverance.

Team Evaluation Process

It is required for all athletes to participate in our Team Evaluation Clinic; no experience is required to participate. Our staff will conduct a skills evaluation with registered athletes only. The athletes will be taught an age/skill level appropriate dance and will receive instruction on jumps, tumbling, and stunting technique. The staff will then divide the athletes into small groups based upon age and skill level. Each group will be evaluated on the choreographed dance material and then each participant's jump and tumbling skills. Our evaluation process is very casual and fun!

We encourage all athletes to have fun and show their personalities!

Our skills assessments are completed to determine how the athlete's current skills align with the USASF Level Grid. The athlete's skills are assigned to 1 of 5 skill levels (based upon mastery of the skills). All athletes who participate in our team evaluation clinic will be placed on a summer provisional team with other athletes who have similar skill, age/maturity level and experience. These assessments will inform our decisions regarding final team placement.

What does it take?

Being on a competitive cheerleading team is not easy. It takes a lot of hard work, sweat, and sometimes bumps, bruises and tears. It requires dedication from all team members to get to a national level. The expectations are high, but obtainable. Each team member is expected to give it their all in every aspect of the program. Mandatory practice and participation in tumbling classes is required. Everyone on the team has a role to play and the commitment to the team is very important. While the schedule may be demanding, athletes end the season with a true sense of teamwork and feelings of achievement.

COSTS & TIME COMMITMENTS

Competitive cheerleading, while not as costly as some youth activities, can still be an expensive sport. Please carefully consider the financial commitment involved. At RBA, we are as up-front with our costs as possible to avoid unexpected expenses throughout the season.

All tuition payments are due on the 1st of the month. If payment is received after the 5th of the month, a \$10 late fee will be added to your tuition. If payment, with the \$10 late fee, is not made by the 10th of the month, the cheerleader will not be allowed to practice until payment has been made.

UNIFORM

Uniform fee: Includes
Top + Bottom + Liner +
Bow

Athletes will be required to purchase the mandatory practice set as well which includes top and bottoms

Uniform fittings will take place in *August and we anticipate uniform delivery to be in *October.

Parents are responsible for purchasing cheer shoes and briefs (if needed), these items are not included in the uniform fee.

Cheer shoes should only be worn to practice and competitions so they will hold up for the entire season. Uniforms must be worn at all times during shows and competitions.

COMPETITIONS

*Competition fees are due in payment installments throughout the competition season

Our registered athletes may not compete as a member at another all-star cheer gym. Competitions are not optional and all team members are required to participate in every competition. Out of town competitions will require travel which parents will be responsible for their own travel arrangements and cost. If a parent is unable to attend an event, they must make arrangements with other parents for transportation, and accommodations to ensure their athlete makes it to the event.

SUMMER TRAINING CAMP

It is encouraged that all athletes attend the RBA Summer Training Camp. Summer camp will be held in July. Our goal is to condition our athletes and build them as a team during the summer training.

All athletes will train to master the following competitive areas; Jumps, Tumble, Stunts, and Dance/Performance.

Athletes who miss summer training camp will be significantly behind other athletes.

TEAM CHOREOGRAPHY CAMP

It is mandatory for all RBA Athletes to attend their team choreography camp.

Team Choreography Camp will provide RBA athletes with the appropriate competition material for the 2024 - 2025 Season. Athletes who miss choreography camp will be significantly behind other athletes.

There is a fee for team choreography and music. Camp is facilitated by professional choreographers.

FUNDRAISING

Fundraising will help to offset some or all of the costs incurred as a member of the program. We strongly encourage you to participate in various fundraising events throughout the year. We will have a Parent Booster Club to coordinate the fundraising activities throughout the year. With effort and organization fundraising can go a long way to help cover the cost of your athlete. All fundraising can be applied directly towards your tuition or other fees. We will also host program fundraisers to help with gym needs.

ATHLETE COMMITMENT

Cheerleading is a sport that requires total commitment from the athlete. This year round commitment to the team must be taken very seriously. It is important that all team members attend all scheduled practices and competitions. This requires time management skills and involvement in other activities will need to be arranged around team practice schedules and competition dates. One member missing practice results in a poor practice for the rest of the team. It is also very important to arrive on time to all practices so that the team is able to warm up and get stretched so we can begin practice on time and as a team.

ALL STAR TIME DEMANDS

The average time an all star cheerleader will spend in the gym will be approximately 2-8 hours. We do support school and religious required events first; however, missing a practice because of other reasons is not acceptable (this includes homework, family trips, and other recreational activities).

FULL SEASON OBLIGATION

We ask for a seasonal commitment from each athlete (and family). Our season runs from June until the following May; If for some unfortunate reason, you do not complete your obligation, you will not be refunded any tuition, money spent on fees, fundraising monies, etc.

ATTENDANCE

If you are in town you need to be at practice unless approved otherwise prior to missing practice. Attendance is critical to team success and any time a cheerleader is absent for any reason it directly impacts the rest of the team being able to practice effectively. Excused absences are considered Doctor excused illness or injury, pre-planned family vacation, or family emergency – while we do understand these types of absences will happen, any cheerleader with an excessive amount of absences or reliability concerns will be discussed and their spot on the team can be in jeopardy. Any situations that regard attendance or absence will need to be presented to the coaches far in advance. Please report any upcoming excused absences to your coach at least 2 weeks prior to the absences. Missing practice for any reason within 2 weeks prior to a competition will jeopardize your spot in the routine for that competition.

ATTENDANCE

Being late to practice or leaving early is also very damaging to the team practices. The first two tardies or leaving practice early will be a warning, after the third, it will be considered an unexcused absence. If you are injured (fever, contagious illness, vomiting excluded), you are still expected to attend practice so you may see any and all changes that affect the team choreography. In addition, you must provide a doctor's note with detailed information regarding any illness or injury that will prohibit an athlete from participating or attending. If an athlete has a school function that results in a grade or has a required school event, this will be excused. Social events and non-school functions/activities are unexcused.

PRACTICES

For liability reasons, we cannot have parents or siblings in the training areas at any time unless at the request of a coach. If you need to speak with a coach, please leave a message with the site rep, or email them. The coach's responsibility during scheduled practice time is to the team. The coach can best address your questions or concerns outside of the normal practice and competition times. For the safety of the cheerleaders, parents should refrain from distracting them at any time.

Your cooperation is greatly appreciated to ensure the safety of all the cheerleaders. Please be on time and prepared for practices. Hair must be in a high pony, practice bow in, wearing appropriate clothing, and cheer shoes on. No jewelry, no gum & no phones are allowed in the training area.

Cheerleaders are not allowed to be dropped off at the gym earlier than 15 minutes prior to the start of practice. If your child is dropped off prior to that, parents will be asked to wait with their child until 15 minutes before time. Also, please pick your child up promptly at the end of practice. Please arrive 15 minutes before practice ends. If it becomes a problem with not picking your child up on time or dropping them off too early, you will be asked to stay for your child's whole practice each night.

COMMUNICATION & MISC INFORMATION

Please check-in with your designated "Team Mom" to make sure you are not missing any information being sent out. Both RBA and the Team Mom will be communicating with you regularly with details on upcoming events, planning for competition, and any general coaches or gym information.

It is extremely important that our records be kept current. Please update online any changes to your address, email address, telephone number(s), and/or medical information for the cheerleader. All routines/choreography including cheers, dances, stunts, transitions, and tumbling should be highly protected and shall not be shown or discussed with other teams. RBA choreography should not be taught or copied to anyone without the consent of RBA.

Only Latizzia Brown can approve the use of the RBA name and logo and anything created without our approval will not be acceptable and cannot be used.

CAN I CHEER ON THE SCHOOL CHEER TEAM AND STILL DO ALL-STAR CHEERLEADING?

Yes! School cheer is a great avenue for learning how to truly cheer for a team and lead school spirit. We work to support our kids doing both as much as possible. There are times when All Star competitions and practices must be a priority. We want to be balanced and will work our schedules as much as possible not to conflict with school cheer.

Communication is key!

RBA ALL STAR RULES AND REGULATIONS

Parents and cheerleaders should remember to be respectful and courteous to others at all times. A positive attitude and good sportsmanship are integral parts of the All Star Cheer program. The behaviors below as well as all others mentioned in this handbook encourage teamwork and must be followed. Members may be reviewed for any infractions of rules listed in this handbook or posted in the gym.
